Response to Restriction Requirement

1. The reply filed on 9/19/2005 is not fully responsive to the prior Office Action (See 37 CFR 1.111) because applicant's reply did not further elect a species (or traverse the requirement) for the elected group of claims.

While, the examiner appreciates the applicant's election of Group I, Claims 55-60 and 68-83, without traverse, the restriction requirement further required applicants to include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added.

As previously set forth in the restriction, Group I was deemed to further contain claims directed towards the following patentably distinct species of the claimed invention:

Group I relates to the entertainment system of Figure 7, which is not described in claims 77-83 (which is part of the display apparatus in Group II).

2. Since the above-mentioned reply appears to be correct, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jason P. Salce whose telephone number is (571) 272-7301. The examiner can normally be reached on M-F 9am-6pm.
